

The Daily Union Verette.

THURSDAY MORNING, AUG. 2, 1866.

THE NEWS.

From our dispatches it will be seen that Congress has adjourned without passing the appropriation, the army and the tariff bills, all of which it is believed the President will sign. The new bill is a measure that has been anxiously watched for by the residents of the Plains. It provides for five regiments of artillery, ten regiments of cavalry and forty-five regiments of infantry, which is a material increase on the present number. One object of this increase is to furnish an additional force for the protection of the Plains, and it is hoped the new regiments will be raised promptly and an adequate number of troops ordered to the territories immediately.

There is no longer any doubt of the complete success of the Atlantic cable, as full despatches have been received by the New York papers. From these despatches we learn that no definite treaty of peace has yet been signed by Prussia and Austria, as was stated in the first dispatch, but an armistice of four weeks has been agreed upon, which will undoubtedly result in a permanent peace.

The Italian forces on the seas appear to be equally as unfortunate as those upon the land; but this victory of the Austrians is not sufficient to counterbalance the disasters that have attended them in the North, which calls from the Emperor Francis Joseph a most doleful manifesto, which will be found in the telegraphic column.

[SPECIAL TO THE DAILY UNION VERETTE.]

CONGRESSIONAL.

Chicago, July 29. Congress adjourned at four o'clock p.m. Saturday, after a continuous session of thirty hours, and passing a great multitude of measures.

Senate confirmed Gen. Steffan as Superintendent of Public Printing, vice Defrees removed; Gen. Canby to be Brigadier-General in the regular army.

The army bill fixes the military peace establishment at 5 regiments of artillery, 10 regiments of cavalry and 45 regiments of infantry.

The bill increasing the duty on wool was lost in the Senate, but the bill increasing the duty on cigars became a law.

The House having refused to pass the resolution modifying the test oath to cover the special case of Senator Patterson, of Tennessee, the Senate adopted a resolution allowing him to be admitted, and he was sworn in.

Both Houses passed the bill increasing the bounties of soldiers.

The President pocketed the bill admitting Nebraska.

The President vetoed the bill erecting Montana into a surveying district.

Chicago, July 30.

Washington special say that the Senate before adjourning recalled its confirmation of James B. Fry as Brevet Major-General in the regular army, and a provision was inserted in the army bill directing the Secretary of War to close the Provost Marshal's office within 30 days.

The Senate confirmed Thos. T. Eckert as Ass't Secretary of War; J. L. Skinner, Ass't Postmaster General; and Wm. Hunter, Ass't Secretary of State.

It is believed that the President signed all the bills except that admitting Nebraska, which therefore failed to become a law.

The following is a dispatch from Cyrus W. Field:

Hearts Content, July 28.

We arrived here at 8 o'clock Friday morning. All well. Thank God the cable has been laid and is in perfect working order.

Subsequent dispatches, from Cyrus W. Field giving particulars of the voyage, say the Irish shore cable was laid Saturday morning, July 7th, and the splice or the ocean cable was made Friday the 13th, on board of the Great Eastern and buried in 94 fathoms of dirt and 273 miles from the Valencia Telegraph House. The Great Eastern and her consorts, at 2:40 p.m. Friday the 13th, started for New Foundland. The average speed of the ship from the time the splice was made, until we saw land, was little less than five nautical miles per hour, and the cable has been paid out at the average of five and a half miles per hour. The total splice was less than 12 per cent. The weather has been more pleasant than I have ever known on the Atlantic at this season. The total distance is 1869 miles and cable paid out is 1864 miles. We have been in constant communication with Valencia since the splice was made, and have daily received news from Europe. The cable will be open for business in a few days.

Italian flights by Dr. G. B. Sartori, the constructor of the submarine of the battle. An iron cable will be laid on board, with coils of long line the French and Italy from the crew. The Italian accounts state that the American sailors retired after the engagement, and the Americans had been sunk.

Cyrus W. Field, Heart's Content, July 29. Heart's Content may have succeeded in getting the cable under the sea, but to promote friendly relations between the Republic of Ireland and the governments of the United States and the governments of eastern hemisphere. (Signed) ANDREW JOHNSON.

Local and Miscellaneous.

TO ADVERTISERS.—The UNION is the pioneer daily newspaper of Utah. Its immense circulation in every mining camp and city of Montana and Idaho, to which it gives the graphic description of a whole week during the year, makes it an important and valuable medium for advertising in these four central Territories.

J. J. GOLDRICK, General Editor, receives subscriptions and advertisements through the Pacific States and Territories.

PERSONAL.—General Connor went out to Stockton yesterday and will be absent two or three days.

Mr. Bates, of the Union Pacific Railroad, started for the West yesterday to take charge of a surveying party which has completed certain surveys between this city and Humboldt River.

WANTED, immediately, at the Magnolia Restaurant, a First Class Cook. No other need apply.

RECK OVER.—Last evening at 6 o'clock a child about 3 years old was sadly hurt by being run over by a wagon. The child died an hour after the accident.

THE CROWN PRINCE of Denmark has made and offer of marriage to the Princess Mary, daughter of Prince Frederick. She is the richest heiress in the kingdom.

ATTENTION is called to the new advertisement of George H. Chick, dealer in Stoves, Tinware, &c., at Boise and Ruby Cities, Idaho, who never fails of keeping a good stock on hand and giving satisfaction to all patrons.

WE have received a letter from Mess. H. H. Bancroft & Co., 609 Montgomery street, San Francisco, in which they state that the "Mormon Prophet," by Mr. C. V. Waite, will be furnished by them, post paid, at \$1.75 per copy in gold.

MAILS.—We learn from Deputy Postmaster Swin that the mail service between this city and Provo was changed August 1st from semi-weekly to daily. Sundays excepted. The mail to Fillmore will be carried three times a week, leaving Salt Lake City Mondays, Wednesdays and Fridays at 8 a.m., and that to St. George and extreme southern points once a week, leaving here on Thursdays at 8 a.m. The contractor to Fillmore is Mr. H. J. Faust, who has sublet to Messrs. Keith and Tilleston, old and experienced stagecoachmen, who will run the line in the most approved manner. We wish them success in the enterprise.

APPOINTMENT.—By private dispatches received in this city, we learn that Maj. Gen. Connor has been appointed Collector of Customs for the Territories of Idaho and Montana. In this as in every other case, where General Connor has received any public position, "the office has hunted the man." Of course the General will not accept this or any other appointment that will take him out of Utah, he has cast his fortunes with those of this Territory, and no inducements can make him abandon it, for the present at least. We have every reason to believe that this appointment was secured through the influence of the politicians, who hope in this manner to relieve themselves of the presence of a man whom they fear more than any other person in the Territory.

COMPLIMENTARY BALL TO GENERAL CONNOR.—The Complimentary Ball given to Brevet Major General P. Edw. Connor, by his friends in this city, Tuesday evening, was a grand success. The night was favorable, and an early hour, Independence Hall was filled to overflowing with one of the most brilliant companies ever assembled in this city, embracing upward of seventy-five couples. The popular and genial recipient participated in the festivities with evident enjoyment, and received the congratulations of his numerous friends with his usual grace and dignity. Among the company we noticed His Excellency, Acting Governor Amos Reed, U. S. Attorney Hempstead, U. S. Marshal Hosmer, Colonel John, and a full delegation of officers from Camp Douglas, and nearly all the leading Gentile merchants, bankers and professional gentlemen of the city.

Among the non-residents of our city who were present was Judge W. A. Carter of Fort Bridger, Wm. Reynolds, Esq., Superintendent of the Holladay Stage Line, Major P. A. Gallagher and his accomplished lady of Stockton, Utah, Major Norton, Captains J. Q. Lewis and G. A. Mackey and Lt. Reed of the army, Mr. Bates of the Union Pacific Railroad, and Mr. T. J. Favorite, editor of the Helena, Montana, *Advertiser*.

The ladies were perfectly bewitching in their elegant and tasteful costumes, and sustained their form's high reputation for grace and beauty. The supper, and in fact, everything connected with the affair, passed off in the most creditable and agreeable manner.

FROM COLORADO.—Colonel C. H. Potter of the 6th U. S. Volunteers, has arrived at Fort Sedgwick and taken command of the post. Geo. M. Chilcott has been nominated as the Union delegate to Congress. A. C. Hatch has announced himself an independent candidate for the same position.

The Democratic County Convention held yesterday on the 15th, with the proceedings being conducted with closed doors, the meeting was a victory and another success being made to rescind the nomination of Magrory, of which proposition an exciting debate ensued, which lasted for upwards of an hour. The Convention appeared to be about equally divided on the Slavery question, but it was finally decided that it would not do to rescind the nomination on the ground of irregularity and precedent. The Convention then went into ballot for the nomination of other officers, and finally decided upon the following ticket: Auditor, Frank J. Scudder; City Attorney, J. W. Bright; State Auditor, J. J. Papp; Superintendent of Schools, Leander Wenzelberg; Police Judge, Sam. P. Plata. No nominations were made for Supervisors or School Directors, but the matter was postponed until the 22d of August next, to which time the Convention adjourned at 2 o'clock this morning.

The Union County Convention met last evening and elected a permanent organization. The candidates for nomination must have voted for Lincoln and Johnson and are required to pledge their honor not to support any other candidate of the Convention, and truly and heartily support its nominees, and that they will not accept a nomination from any other Convention or run independent. The Convention will meet again to-morrow evening at 8 o'clock.

At 7 o'clock this morning a man named Taaffe was shot by Joseph Levy, who keeps a cheap saloon on Commercial street. Mrs. Elizabeth Tunette attempted to commit suicide on Tuesday evening by swallowing a dose of oxalic acid. A physician was called who administered antidotes and saved her life.

The body of A. B. Parks, an old resident of this city, was found a short distance from the Lake House last evening, under circumstances which leave no doubt of his having committed suicide. A double-barreled shot-gun lay by his side, one barrel of which had been discharged. It is supposed that he was laboring under a fit of temporary insanity, caused by dissipation, when he committed suicide. He was a merchant in this city in the early days, and is said to have been a prominent Vigilance Committee man in 1859.

Otto Becker, the late Cashier of the Pacific Glass Works, was taken over to San Quentin on Wednesday, to serve out his sentence of one year in State Prison. Becker was convicted of stealing \$4,000, but it is understood that he refunded the whole or the greater part of the money, which accounts for the lightness of the sentence.

The steamer *Odyssey*, 49 hours from the Columbia river, arrived here this forenoon. She brings \$26,000 in treasure.

FROM IDAHO.—The "Postman" suit has been settled, both parties consolidating under the name of "Postman". The Chick stage was attacked near the fork of the Owyhee. The horse killed and a passenger shot in the leg. One hundred citizens are now in pursuit of the Indians. Gen. Halleck has arrived at Ft. Vancouver, W. T. We learn through the *Union*, of the 21st, that between the hours of 9 and 10 o'clock, Thursday evening, the Auditor and Assessor's office of Boise County was entered and the county safe robbed of between \$8,000 and \$9,000 in gold dust. Many speculative rumors were afloat for several hours. The attempt of Mr. Foye, the Assessor, to ferret out the whereabouts of the lost funds was crowned, the day after, with partial success. One purse of \$4,500 was found under the Pioneer Saloon, adjoining the office, and another purse of \$1,120 under the front stoop of the office. The offenders account still stands open. David McLaughlin, the editor of the *Union*, was assaulted by Jack Gorman, under sheriff, at Idaho City on the 18th and quite severely injured.

NOTICE.—The Sacramento market was bare on the night of the 17th. The thermometer 106° in the shade.

JEFF. DAVIS.—Mr. Adams wrote to Mr. Seward so long ago as June 15th, 1865, that intense interest was manifested in Europe concerning the fate of Jeff. Davis, that in his opinion there had been sufficient evidence to show that (Mr. Adams) would be content if Mr. Davis could be disengaged and allowed to sink into oblivion. Mr. Adams replied to Mr. Adams: "Your sentiments are deemed just and wise." After this explicit declaration, will it be pretended that this Administration has had any serious purpose of punishing Jeff. Davis? Why, then, have men kept in prison and not freed him? *New York Tribune*.

THE New Haven *Phœdriac* learns from a friend of General Thomas that a fine residence was recently purchased at New Haven by his Excellency, at an expense of \$60,000; but the General declined the present, on the ground that he had enough to support himself and wife (having no children), and requested that the money be added to the fund for soldiers' widows and orphans.

AT the public celebration of the Fourth in New Orleans May 1st, 1865, in introducing the reader of the Declaration of Independence, took occasion to say that he differed from our expression of opinion in that document, to the effect that all men were created equal. The singer could not be considered the equal of the white man and the writer of the Declaration. Mr. Jefferson was a slaveholder, *methodist* in religion, he never could have meant to include the nigger in that assertion.
